

## City School District of Albany

### Celebrating the important role of parents in student achievement

#### **Gulcan Yalniz**

#### **Stephen and Harriet Myers Middle School**

Gulcan was an active member of the Myers Parent Teacher Student Association throughout her son's three years as a Myers student. She came in immediately and was ready to work as a parent advocate for all students. Gulcan always wanted to make sure that there was clear and transparent communication from the school to the

parents, so that vital information could get to the homes efficiently. One of her goals was to increase parent participation at PTSA and school functions.
